1. Product description:

Bonded Diamond Dresser

Dimensions (in): 1-9/16" x 3/4"

Dimensions (mm): 39.88 x 19

Specification: CONGLOMERADO

DT1A

1. Application

- For dressing operations in external cylindrical and flat surface grinding.
- Homogeneous diamond distribution ensures consistent performance throughout its service life.
- Ideal for wheels larger than 500 mm in diameter.
- Recommended for dressing aluminum oxide and vitrified or resin-bonded ceramic wheels.

2. Operating instructions

- Mount the dresser properly on a tool holder.
- The 6 mm width should be parallel and tangent to the wheel's face width.
- Perform the dressing operation as usual.

3. Safety information

- Always use safety guards.
- Never exceed the maximum operating speed indicated on the product.
- Always wear complete personal protective equipment (gloves, hearing protection, mask, and safety glasses).
- Improper use may cause serious injury.

Surface Grinder

4. Handling

- The initial inspection must be carried out in the original packaging. If there is visible evidence of damage, the merchandise should not be accepted.
- Handle the dresser carefully to prevent impact or drops. If the dresser shows any fracture, chipping, or visible damage, it must not be used.

5. Storage

- The dresser must be stored in clean, dry conditions, preferably in its original packaging, and kept away from hot, cold, or wet surfaces for prolonged periods.

6. Packaging units

- 1 piece.
