Stainless

1. Product Description:

Straight Hand Brush with Plastic Handle

Overall Brush Length (L):	10-5/8" / 270 mm
Filament Section (A):	5" / 130 mm
Trim Length (H):	1" / 25 mm
Filament Material:	Stainless Steel
Filament Diameter:	0.012" / 0.30 mm
Specification:	ACERO INOXIDABLE 0.30
Line:	Kreator

Manual Use

1. Application

• For cleaning stainless steel equipment without contaminating the surface.
• Ideal for cleaning corners and angles.
• Ergonomic handle for improved handling and control.

2. Operating instructions

• For manual use.
• Do not apply excessive pressure. This type of brush works with the filament tips; excessive pressure causes premature filament wear.

3. Safety information

• Always wear appropriate personal protective equipment (PPE), including gloves, respiratory protection, and safety glasses.
• For additional information, refer to ANSI B165.1.
• Improper use may result in serious injury.

4. Handling

• Initial inspection should be performed while the product is in its original packaging. If the brush is damaged or deteriorated, do not use it and notify the supplier.
• Handle the product carefully to prevent impacts and/or drops. If the product is cracked, has a detached section, or is suspected of being damaged, it must not be used.

5. Storage

• Store the brush preferably in its original packaging, in a clean and dry place. Prevent deformation of the filaments and protect the brush from contaminants.

6. Packaging units

• 24 pieces.
